## DANGERS OF FLOODS ARE ABOUT OVER

**Reports From Throughout Ohio Show Rivers are Receding**

**DAMAGE TO CROPS, HOWEVER, WILL BE VERY GREAT**

**BROKEN LEVEES REPAIRED**

**In Columbus, and It is Thought That They Will Be Able to Withstand the Strain Put Upon Them—Reservoirs in State Are Safe, Including Buckeye Lake.**

(ASSOCIATED PRESS TELEGRAM)  
Columbus, July 17.—The passage of last night without any considerable rainfall resulted in improved conditions early today throughout the Ohio flood district. While many thousands of acres of land remained under water today, practically all rivers were either stationary, or falling and with clear weather prevailing, it was believed the worst had been passed. The Scioto and Olentangy rivers began receding here early today, bringing ease of mind to anxious watchers, especially on the flood-stricken district on the west side, where thousands remained up all of last night. Many of them were engaged in moving their belongings to higher ground.

Levees along the Scioto river in this city which began leaking yesterday afternoon, were repaired during the night and this morning were reported to be holding fast against the strain upon them.

Several large factories in this city remained closed today on account of the flood. It was estimated that more than 1000 men were temporarily thrown out of employment.

The damage throughout Central Ohio will mount into the millions, as thousands of acres of wheat and oats have been ruined, corn and other crops washed away.

At Delaware the Olentangy river and Alum creek were receding today and normal conditions were in prospect. The Muskingum and Licking rivers which went on a rampage yesterday, were reported falling today.

Reports reaching the state house today indicated that storms and floods of the past few days have done immense damage, but that danger of further high water is past and aid of national guard will be needed in no community.

Governor Willis telegraphed the mayors of Lima and Kenton, where the greatest havoc from flood was reported, offering to call out the militia to aid in work incident to the receding waters. No request for troops, however, was received from Lima. Mayor Charles Price of Kenton, wired that the entire Harding county marsh is under water from three to ten feet deep; that South Kenton is completely flooded, many families out of homes, water slowly receding. Can cope with situation.

Reports received by the agricultural commission indicated that Ohio's corn crop is damaged by storm and flood at least ten percent, and that the damage to wheat probably will exceed that amount. Wheat is rotting in the shock and in many places (Continued on Page 9, Col. 4.)

## New U. S. Submarine's Test Shows It Can Cross Ocean And Return Without a Stop

(ASSOCIATED PRESS TELEGRAM)  
Bridgeport, Conn., July 17.—Simon Lake, the inventor and builder of submarines for the United States government, was gratified today by the success of the experiments testing the new submarine G-3, which demonstrated that the new boat can cross the Atlantic ocean and return without stopping, having a cruising radius of 6,000 miles.

"It is perfectly practicable for the G-3, with its new engines to cross the ocean, do what she went to do and come back without dependence on any of our supplies," said Mr. Lake. "It is merely a question of the economy of fuel."

The G-3 was built by the Lake Torpedo Boat company of this city. Her extensive cruising radius is due to the efficiency of a new Swiss engine which drives the boat both on the surface and under water, replacing both the gasoline engine heretofore used to drive submarine craft on the surface

**FORD OWNERS WILL GET REBATE OF ABOUT \$50 COMPANY ANNOUNCES.**

Detroit, Mich., July 17.—The Ford Automobile Company this afternoon announced a refund of approximately \$15,000,000 to owners of Ford automobiles who have purchased their machines since Aug. 1, 1914. On Aug. 1, 1914, the company announced that if 300,000 machines were sold during the ensuing year each purchaser would receive a refund of from \$40 to \$60. The 300,000 mark was reached this afternoon. The company says the refund is strictly in the nature of the profit distribution policy of the company.

## DEVELOPMENTS AWAIT RETURN OF PRESIDENT

Washington, July 17.—Developments in the issue between the United States and Germany awaited today the return of President Wilson from Cornish, N. H.

The President is to take up with Secretary Lansing and others of the cabinet several drafts of an answer to Germany's recent reply to the American note protesting against the German method of submarine warfare. The President will confer with Secretary Lansing on Monday. The cabinet will meet Tuesday.

The new note will reassert the right of Americans on the high seas. It probably will be brief. Until either Great Britain or Germany requests specifically mediation on the subject of submarine warfare and contraband, officials hold that the American government will make no move in this direction, and that this government will not subordinate the Lusitania case or the assertion of its rights at hints from Germany.

## BODY WAS FOUND; MOTHER'S FEARS WERE REALIZED

(ASSOCIATED PRESS TELEGRAM)  
Cincinnati, O., July 17.—The fears of Mrs. Barbara Muck, that the man who jumped from the Louisville and Nashville railroad bridge Wednesday evening might have been her son, Edward Muck, 22, were realized today when his body was taken from the river at the foot of State avenue and removed to the county morgue. Louis Dickman Wednesday night related how he had encountered a hatless and coatless man on the bridge that evening and the next instant had heard a splash in the river and the man was gone. When the Muck family heard Dickman's story they feared it was their relative.

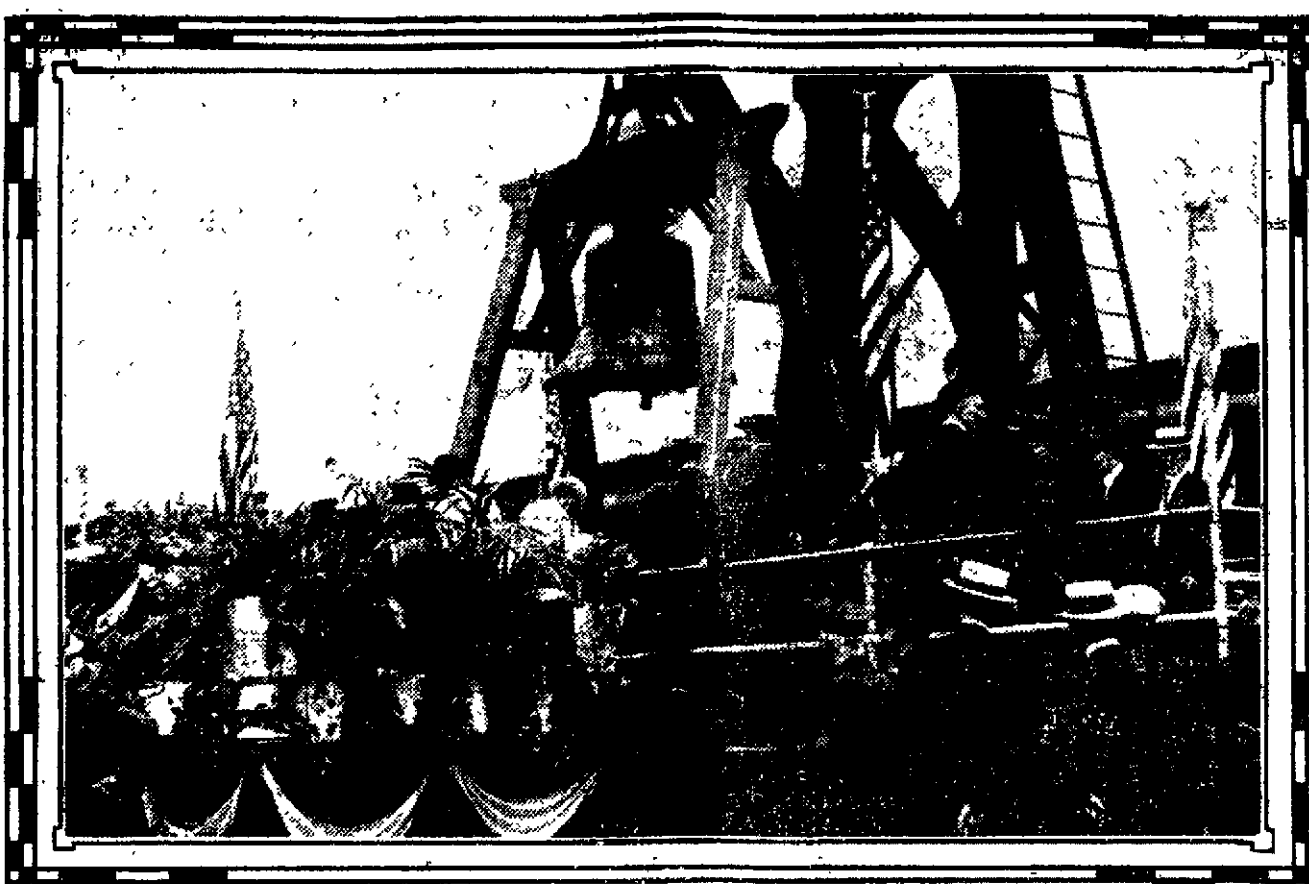

## Steamer Crashed Into An Iceberg; Suffers Damage

(ASSOCIATED PRESS TELEGRAM)  
Montreal, July 17.—With bows crushed in, stern lying low and squat in the water and her damaged stem riding high, the steamer Agenorina, towed in port today to her berth at the upper end of Windmill Point Sunday morning she crashed into an iceberg while running through the Straits of Belle Isle.

Ninety bergs were sighted in the narrow passage but the one that the vessel struck, although one hundred feet high, was not seen through the fog until it loomed up thirty feet dead ahead.

The Agenorina is a British vessel of 2770 tons gross and was last reported at Barry, July 1.

## LIBERTY BELL HAS ARRIVED AT EXPOSITION

Philadelphia bade goodbye to the Liberty Bell on July 16th. Escorted by a brigade of the Pennsylvania National Guard, the old Revolutionary relic passed before the eyes of the thousands of persons gathered for the ceremony. The bell was hoisted on a specially constructed car and amid cheers, left for the Panama-Pacific Exposition. Six months will elapse before the historic bell will be returned to its case in Independence Hall, Philadelphia.

## Liberty Bell Inspires Champ Clark To Declare He Opposes Peace At Any Price, And That He Is No Jingo

(ASSOCIATED PRESS TELEGRAM)  
San Francisco, Cal., July 17.—Champ Clark, speaker of the house of representatives, was inspired by the reception of the Liberty Bell here today to discuss the need of greater military preparedness to preserve to citizens of the United States that liberty of which the bell is an historic symbol.

In the course of his remarks, he said: "I differ with the proponents of 'peace at any price.' That is an amazing, a demoralizing, a degrading doctrine.

"On the other hand I am utterly opposed to those who advocate a large standing army, and to those who advocate a navy equal to the two biggest navies in the world. I am not a jingo, God forbid! I hope most profoundly there will never be another war—particularly another to which we are a party, but knowing that human nature has not changed a jot or little since Adam and Eve were driven with flaming swords from Paradise, I am in favor of putting the country in such

posture that if war should for any reason become necessary we may emerge from it conquerors, as we have been in all our wars.

"Towards the consummation of this plan I am in favor of doubling the number of cadets at West Point and of making it obligatory upon the secretary of war to detail an army officer to any school, college or university, which will furnish a minimum of 200 students to drill. In that way and at the least possible cost we would in a few years have enough drilled men to officer a volunteer army of a million soldiers, if needs be.

"In fact there would be wisdom in a scheme by which in addition to the cadets educated free by the government at West Point and Annapolis, any boy possessing the prescribed qualifications might on reasonable terms be educated at those two great institutions. The surplus West Pointers could be used to advantage in drilling the youths of the land, while the surplus naval graduates would make splendid officers for the great merchant marine

which President Wilson and some of the rest of us are determined to place upon the high seas from which our flag has almost entirely disappeared.

"We should also have a well drilled, and well equipped National Guard to be used for strictly national purposes on the principle enunciated by Thomas Jefferson—a well disciplined militia—our best reliance in peace and for the first moments of war, till regulars may relieve them."

"It seems that if little Switzerland can mobilize in a few days an army of half a million well drilled men by means of her system of military education and discipline—the cheapest system known among men and sufficiently effective—we could by such application of her system as fits our case, in a year or two, be able to mobilize an army of two millions of well disciplined men as a cost which to us would be a mere bagatelle—which would be a most effective insurance for this country and all her citizens and their interests."

## 16 BILLIONS TOTAL LOANS DURING WAR

New York, July 17.—Henry Clews, the banker, in his weekly letter today says:

The world is becoming accustomed to great events and corresponding great transactions in financial affairs. The largest financial operation in history has just been completed, and its effect upon this market, the only free market of importance for the time being, proved quite inconsequential. The successful placing of the \$3,000,000,000 4-1-2 percent British loan will go down into history as the most remarkable financial achievement on record. The previous British loan was \$1,750,000,000, making a total of \$4,750,000,000 since the war began. During the same period Germany has issued loans amounting to \$3,500,000,000. The total amount of loans issued by all the allies is estimated at

\$10,000,000,000, while the total issued by all belligerents is placed at about \$18,000,000,000. These figures almost beyond human comprehension. Considering size and circumstances, the British loan was subscribed with remarkable promptness, much more promptly than has been the experience of other nations.

## MINISTER COMES WITH MESSAGES TO DEPARTMENT

(ASSOCIATED PRESS TELEGRAM)  
New York, July 17.—Ira Nelson Morris, United States minister to Sweden, reached here today aboard the steamship Berensford from Bergen. Mr. Morris, when he left his post, was reported to have visited the American ministers at Christiania and Copenhagen and received from them important dispatches for the state department at Washington. This Mr. Morris declined to confirm or deny, although he said he expected to go to Washington next week. "It would be improper for me to discuss diplomatic matters," said Mr. Morris.

## STRIKE ORDER IS EFFECTIVE NEXT MONDAY

Bridgeport, Conn., July 17.—J. J. Keppeler, international vice president of the machinists' union, who headed a committee, which today went to the plant of the Remington Arms company to present the demands formulated by a strike meeting of the Bridgeport machinists last night, announced today that a general strike of machinists would be called on Monday. He said Major Walter G. Penfield, general manager of the Remington Arms and Ammunition company, had refused to deal with the committee.

Representatives of the machinists' union were armed with the authority of the strike vote taken last night, and made two propositions today to officials of the Remington Arms Co. where there has been serious disagreement between labor organizations over the union membership of the millwrights.

## Lusitania Sunk By Torpedoes Fired From German Submarine, Reports British Court of Inquiry

(ASSOCIATED PRESS TELEGRAM)  
London, July 17.—"Torpedoes fired by a submarine of German nationality," caused the loss of the steamship Lusitania and its passengers, according to the findings of the court of inquiry, appointed to investigate the disaster.

The court held that no blame for the tragedy attached either to Captain Turner, commander of the vessel, or the Cunard line, the owners.

"After having carefully inquired into the circumstances of the disaster," says the formal report of the court, "the court finds the loss of said ship and lives was due to damage caused the ship by torpedoes fired by a submarine of German nationality. In the opinion of the court, the

act was done not merely with the intention of sinking the ship, but also with the intention of destroying the lives of the people on board."

Other salient features of the report are that the lifeboats, and life-belt facilities were adequate; that the demeanor of the crew was above all blame and that the conduct of the passengers, barring a slight panic, when the passengers came on deck, was praiseworthy. The court also found that the ship was unarmed and her cargo was general, the ammunition consisting only of 5,000 cases of cartridges from which there was no explosion.

A small gathering composed almost entirely of survivors of the Lusitania and their relatives listened to the

reading of the findings by Baron Mercery of Tooteth.

The report was a distinct disappointment to the American survivors who expressed indignation surprise at the portion which exonerated Captain Turner and the Cunard line from all blame and commended the discipline of the crew.

Several attorneys representing American clients, listened closely to the reading of the judgment which will have a great effect on actions brought against the steamship company.

Among the spectators were Walter Webb Ware, representing the Vanderbilt family; Major F. Warren Pearl and Mrs. Pearl of New York, and F. (Continued on Page 9, Col. 3.)

**WORLD CENTERS FOR JEWS TO BE AMERICA AND OLD PALESTINE.**

New York, July 17.—"America and Palestine will be the coming two great Jewish world centers. Palestine will supply the Jews of America with spiritual ideals, and America will give to Palestine what it is so badly in need of—energy, initiative in new enterprises and in developing and building up the land," said Solomon Blumgarten, the noted American Yiddish poet, better known by the nom de plume of "Yeehahash," who has just returned from a two years' stay in the Holy Land.

## THAW ENJOYED REAL FREEDOM FRIDAY NIGHT

(ASSOCIATED PRESS TELEGRAM)  
Atlantic City, N. J., July 17.—Harry K. Thaw's first night of real freedom in nine years was spent in restful sleep at a beach front hotel here. After yesterday's weary ride down the state from New York where he was released on bail, Thaw was much refreshed and prepared to spend the day quietly. He remained out of sight early in the day and took breakfast in his room.

The dining room of the hotel was crowded with guests, many of whom prolonged their meal hoping to see him. So far as could be learned, Thaw has formed no definite plans for the immediate future, except to get as much rest as he can. The length of his stay here is not known, but it is thought he will go to his home in Pittsburg in a few days.

Board walk promenaders were on the alert to get a glimpse of the slayer of Stanford White, and many lingered about his hotel.

## FORMER JUSTICE SUPREME COURT DIED SATURDAY

(ASSOCIATED PRESS TELEGRAM)  
Pomeroy, O., July 17.—Judge J. P. Bradbury, aged 77, former chief justice of the Ohio supreme court, died this morning, from Bright's disease.

## ELECTED TO SUPREME BENCH IN YEAR 1888.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, July 17.—Judge Joseph P. Bradbury was elected judge of the supreme court in 1888. He served until June, 10, 1900, when he resigned one month before the expiration of his term. He had been defeated by Judge Davis for re-nomination and he generously gave up the office one month in advance as a matter of accommodation to his successful competitor, Judge Bradbury previous to his election to the supreme court judgeship had served as common pleas judge of Galia county. In politics he was a Republican.

## MAN AND WIFE QUESTIONED AS TO MURDER OF CHILD.

(ASSOCIATED PRESS TELEGRAM)  
Cincinnati, July 17.—Wiley Taylor and his wife Bessie, who are a sister of Elizabeth Nolte, whose 11-year-old school girl, whose mutilated body was found in an arroyo at her home a month ago, were taken to police headquarters today to be questioned. The police stated that they placed a telephonic device in the Taylor home and that as a result of conversations between husband and wife, they desired to question them further concerning the murder of little Elizabeth.

## No Warning Given Liner By German Submarine Which Attacked And Then Pursued

(ASSOCIATED PRESS TELEGRAM)  
New York, July 17.—Passengers aboard the British passenger liner Orduna, which reached here today said that a submarine attempted to torpedo the vessel at 6 o'clock in the morning of July 9 and failing in its effort, fired six shells at the steamer, none of which took effect.

Few passengers were on the deck when the attack occurred. Baron Rosenkrantz of Denmark, one of the passengers, reached the deck as the Orduna was fleeing from her assailant and witnessed the attack.

The submarine chased the steamer, it was said, for a considerable time and finally abandoned pursuit.

The next day a meeting of the passengers was held in the saloon and the following resolution, adopted by twenty-three of them, was handed to Captain Taylor:

"The first cabin passengers of the steamer Orduna desire to express their heartfelt appreciation and admiration of the mastery manner in which you maneuvered and handled your steamer during the sudden and

## HUGE SCOPE OF A TEUTON OFFENSIVE

**Revealed With Important Russian Seaport of Riga As Its Objective**

**HERCULEAN EFFORT BEING MADE TO DESTROY RUSSIANS**

**A TRAIL OF DESOLATION**

**Left By Germans Along the Baltic Where Villas, Hotels and Casinos Have Been Destroyed—Sanguinary Fighting In Desperate Effort to Hold Back Austro-German Advance.**

(ASSOCIATED PRESS TELEGRAM)  
London, July 17.—A new German offensive of huge proportions with Riga, a great Russian seaport and the seat of the governor-general of the Baltic provinces, as its objective, is revealed in the latest official statements issued at Petrograd and Berlin. Military experts here construe the offensive to be a vast envelopment movement in which the Germans are making a herculean effort to destroy the Russian army.

Both the German and Russian communications agree that the German forces are at the Windau river, near Goldingen, which is only eighty miles from Riga, the great strategic commercial metropolis in the Gulf of Riga, and upon the Upper Baltic.

A message from Petrograd this morning adds details of sanguinary fighting along the new line in efforts to hold back the German advance which now is being concentrated on Riga and on Warsaw, while the Austro-Hungarians are moving northward from the Danube river.

Advices reaching London today say that the Germans left a trail of desolation along the Baltic sea from Memel to Libau, where the villas, hotels and casinos are alleged to have been destroyed, about the only exception, it is said, being the palace of a Polish nobleman whose cousin married an American woman. The palace now is being used as military headquarters in which Prince Henry of Prussia and Field Marshal von Hindenberg recently conferred on the new offensive towards Riga.

Crown Prince Frederick William's drive in the Argonne forest now is accepted as a small success, in gaining a few hundred yards of terrain, but as a failure in attaining its real object—a decisive penetration of the French line.

The ominous attitude adopted by the Welsh coal miners causes serious apprehension. The miners now have increased their demands by asking the government to withdraw the royal proclamation making these mines subject to the munitions act. President Kuncman, of the board of trade, rejected this proposal at a conference last night and a meeting held in London today failed to secure any ground for an adjustment. The extremist leaders declare however, that it is a question no longer of an increase in wages, but the abrogation of the royal proclamation which subjects the miners to a fine of \$25 daily for striking.

No effort yet has been made to enforce the fines against the 150,000 strikers, which the leaders construe as an evidence of the virtual impossibility of carrying out the plan.

## THREE HUNDRED APPLICANTS FOR ONLY TEN JOBS

ON NEW STATE BOARD OF AGRICULTURE, WHICH HAVE NO SALARY

Clerk However Gets \$4,000 Per Year and Three Men Want It Badly.

[ASSOCIATED PRESS TELEGRAM] Columbus, July 17.—More than 300 applicants for the 10 positions on the new state board of agriculture, which will be appointed probably next Wednesday to supplant the present agricultural commission had been received after today's mail had been opened at the executive offices. Most applicants are farmers. According to the Smith-Mallow law, under which the board will be constituted, it must contain at least six men from this class.

Until next Wednesday, the possibility of a referendum on the agricultural law will not be known, since the 90 day period in which referendum petitions may be filed does not expire until then. The organization with headquarters at Columbus, which is prosecuting the referendum movement has received a number of petitions from over the state, but A. V. Abernethy, former secretary of the tax commission, manager of the campaign, refused to estimate the number of signatures obtained.

"We expect to receive 68,000 signatures, the number necessary and to file them before Wednesday," he said. "Of course I cannot say at this time absolutely whether there will be a referendum, but we are bending our efforts in that direction."

It was said at the governor's office today every county except Morgan has one or more applicant for positions on the board of agriculture. Morgan is the home of Representative C. B. Smith, joint author of the bill with Senator Otto E. Volleweider of McArthur. Members will receive no pay but their expenses while attending board meetings in Columbus will be paid by the state. A secretary whom they will elect will receive \$4,000. Most prominent among applicants for this position are Renick W. Dunlap, of Kingston, Charles McIntyre, chief agriculturalist for the board of administration, and W. W. Watson, of Youngstown.

## Body of a Woman Found, Develops Murder Mystery

Cincinnati, July 17.—The death of Ellis Ellswick 21 of this city, who was drowned in the Licking river at the foot of Eighth street, Covington, Ky., late yesterday, was being investigated today by the police of Covington and Newport, Ky., and Cincinnati.

It was believed that the woman was accidentally drowned until a man made a statement to the Covington police that he saw two men throw a woman into the Licking.

The body of Miss Ellswick was recovered from the river by Clifford Sullivan of Newport, who told the police he did not see her drown. William Martin, 25, an express driver and Edward Collins, 19, a pipe fitter, both of Cincinnati, are being held in Covington, pending further investigation in connection with the case.

Collins and Martin according to the police, said they met the woman in Cincinnati yesterday afternoon and that she suggested a swim. They went to Newport, where the woman secured a bathing suit, the men say, and then they went to the Covington side and sat on the bank of the river. They told the corner that they watched the woman wade into the water and they lost sight of her.

## How, and Why,

# —the GOODRICH "Fair-List" Propaganda now saves Car-Owners, yearly, over \$25,000,000 on Tires

THERE are 1,923,951 Automobiles now State-licensed, and running, in the United States. Of these, 1,803,951 are Pleasure Cars—i.e., exclusive of Trucks, etc.

More than 90% of them, or about 1,623,555, use *Pneumatic* Tires.

Each car will wear out and replace, on average, about one Set of Four Tires per year.

Therefore, the interests of each Car-Owner as well as each Car-Manufacturer, each Car-Dealer, and Salesman, is vitally and personally affected by the *price of Tires* to Consumers.

Because,—Tires and Gasoline are the two *big* items of consumption in the *operation* of Motor Cars.

The Owner who used his Car 1,000 Miles *less* per year, than he *would* have done, because of "the high-price of Tires and Gasoline," received that much *less return* from his entire investment in the Car proper.

The potential, or prospective, Car-Owner who fails to *buy* a Car because of "the high cost of Tires and Gasoline,"—he who sells his Car and does not buy again because of "the high cost of Tires and Gasoline"—or he who, for the same reason, stores his Car and does not run it during a considerable part of the year, is a direct loss to

1st—Automobile Manufacturers, as a class.

2d—Automobile Dealers, as a class.

3d—Garage Owners, as a class.

4th—Lubrication & Gasoline Manufacturers, as a class.

But,—he is a *greater* loss to *TIRE Manufacturers*, and *Dealers*, as a class, than to any others.

Because,—

—Gasoline and Lubricants, for instance, can be sold to the Owners of Motor Boats, Stationary, and other Motors.

But,—Automobile Tires can *only* be sold, in the ultimate, to the *man who OWNS a Car*, and who wears out Tires through using it.

So this, then, is a leading reason why WE initiated, and propagated, that Goodrich "Fair-List" Movement which we publicly announced in the press on Jan. 31, 1915, and which caused practically every Pneumatic Tire Manufacturer in this Country to follow our lead and bring his prices down to a *fairer* level.

THIS is also the reason why *some* Tire Manufacturers, who *could* not, or would not, "meet" our BASIC prices for Pneumatic Tires (even though our "Fair-List" Propaganda obliged them to make heavy reductions off their former Lists) might erroneously suppose that "Goodrich" Tires have been cheapened in *Quality*, as well as in price.

Hence this explanation (to the Public, to Car-Manufacturers, Dealers, Car-Salesmen, Garages, and *Tire Dealers* generally) that we deem it "good business" to sell the *best* Goodrich Tires (of fabric construction) we have ever made, at the *fairest* price possible for such quality.

Hence, too, the following TEST offer to Consumers.

—We will cheerfully pay for any Goodrich Safety "Non-Skid" Tire, sold since our "Fair-List" price-reduction (announced on January 31, 1915), which when cut open shows *any reduction in quality*, in number of layers of Canvas, in thickness, or quality of Rubber, when compared with any other Goodrich Safety "Non-Skid" made by us, and sold at our higher prices current *before* the Goodrich "Fair-List" Movement.

And,—this is further to *authorize* any Tire-User to extend this Offer (at our expense) to *any* Tire Dealer, or Manufacturer.

We ask Car-Owners, and Tire Consumers, in *their own* interest, to see that no "implication" of lowered quality in Goodrich Tires goes *unchallenged*—just as we have protected *their* interests, for our own sake, through our "Fair-List" Propaganda.

BECAUSE of that GOODRICH "Fair-List" Propaganda, every Car-Owner who now buys any make of Tire sized 37 x 5, now *saves* on each set of 4 Tires, an average of about \$46.27.

—Every Car-Owner who uses 34 x 4 Tires, of any make, now saves, through the Goodrich "Fair-List" Propaganda an average of about \$26.15 per Set of 4 Tires.

## Made as always—

—The same reliable Construction.

—The same dependable Service.

—Nothing whatever taken out of materials or Quality, no matter what reductions in List-Price are ever made.

—Every Car-Owner who uses 30 x 3 1/2 Tires, now saves, through the Goodrich "Fair-List" Propaganda, an average of about \$14.70 per Set of 4 Tires.

Other sizes in proportion. The 1,623,555 State-licensed Car-Owners who use Pneumatic Tires now save about 20% of what they last year paid for ANY make and size, whether they be Goodrich or competing brands,—equal to more than \$25,000,000 per year.

And, don't forget that this giant *saving* to Car-Owners was *never mentioned* to the Public by *other* Tire Manufacturing Concerns until the Goodrich "Fair-List" Propaganda made it imperative that they extend the Saving to Consumers on *their* Tires, or lose business to the Goodrich Co.

But, notwithstanding all this,—the fact which should loom *largest* to TIRE-USERS is the contrast of 10% to 40%, in prices, that *still* exists between the low price of the *best* Non-Skid Tires (of fabric construction) that money can buy, or the largest Rubber Factory in the World produce,—(to wit, GOODRICH Non-Skid Tires) and all *other* "responsible" Tires in the field.

Compare prices and see! Then, if you are not already a Goodrich User, do yourself (and us), the justice to buy at least *one* GOODRICH "Non-Skid" Tire.

Test that out for Quality, Mileage and Resilience against any other Tire, at any price, which you are now using.

The result of such Test will cause you to wonder why you ever paid *more* for Maximum Quality, Mileage, and Resilience than the *Basic* price of Goodrich Non-Skid Tires?

THE B. F. GOODRICH CO., Akron, O.

## STIFFEN

THOUGHT TO HAVE BEEN SEEN BY YOUNG MEN ON NORPELL FARM

Suspect Pointed Gun at Them When Asked What He Was Doing There.

Jerome Norpell and William Hickey feel almost confident that they saw David Stiffen on the Norpell farm southwest of Newark on Thursday afternoon. They reported to the local officers who made a thorough search Thursday and Friday without result.

While Norpell and Hickey were in a corn field on the Norpell farm they observed a man answering Stiffen's description not more than twenty feet from them. The fellow raised a gun and pointed it at the young men, who, unarmed, did not care to remain and discuss the proposition.

In answer to the question: "What are you doing here?" the man responded with "I'll show you," at the same time pointing the gun in their direction.

The man was shabbily dressed and was sadly in need of a shave. Though the incident was reported at once further effort to find trace of the man failed.

Stiffen is wanted on the charge of connection with the attempted robbery of the Wyeth-Scott company's safe at which time Police Officer Walter Bosscowan was fatally shot. In a statement to the police Wilbur Sorrell implicated Charles Athey and Stiffen. Athey and Sorrell are in jail.

Solicitor Held On Larceny Charge Is Taken to Knox

F. O. Conley, a solicitor, riding electric specialties, was placed under arrest here last night by Police Captain Hager on a charge of larceny, the arrest being made upon the request of the Knox County sheriff. It

was alleged that Conley while soliciting business, entered homes where he found the occupants absent, and stole a number of articles, among them being a revolver. When his room was searched here, a pistol was found concealed in a dresser drawer. Several pairs of shoes were also recovered by the officers. Deputy Sheriff Mosholder of Mt. Vernon came to Newark Saturday morning and took Conley back to that city for hearing.

## FOREIGN MINISTER OF GREECE SENDS HIS RESIGNATION

[ASSOCIATED PRESS TELEGRAM] London, July 17.—Christakis Zographos, foreign minister of Greece, has resigned, according to an Athens dispatch to the Exchange Telegraph company.

Although King Constantine's physicians declare his condition is satisfactory and that he is convalescing normally after his severe illness, they have ordered him to abstain from all participation in political discussions.

M. Zographos became foreign minister in the cabinet formed by M. Gounaris, in March, after the retirement of M. Venizelos as premier when the king declined to accept his views regarding the proper attitude for Greece to assume in the war.

## CONTRACTS

FOR MILLIONS OF DOLLARS WORTH OF MACHINES AWARDED AMERICAN CO.

Recently Organized, Composed of Leading Manufacturers of Typewriters and Adding Machines

[ASSOCIATED PRESS TELEGRAM] New York, July 17.—Most of the leading typewriter and adding machine companies in the East and Middle West, it was stated today, have formed a new corporation under the title of American Ammunition company to take on contracts for the manufacture of uses for high explosive and shrapnel shells for the English, French and Russian governments.

The shell commission of the militia department of the Canadian government, acting for the British war office, is said to have awarded to the American Ammunition company within a week a contract for the manufacture of uses amounting to \$10,000,000.

It is understood that the balance of the order is to be apportioned as soon as other companies can qualify for the business. An additional contract also amounting to \$10,000,000, it is stated, has been given by the Canadian commission to the same group of manufacturing concerns.

The Canadian militia department is reported to have given in addition a \$70,000,000 contract for shrapnel and high explosive shells to a financial group which will undertake to sublet the business among a number of industrial concerns.

## SALOON

LICENSES WILL BE PLACED IN CONTROL OF ENTIRELY NEW BOARD

Governor Willis Appoints Frank Hay and Brother of Author of Rose Law.

Columbus, Ohio, July 17.—Hard upon the heels of the announcement of the appointment of a new Civil Service Commission, there was made public last night by Governor Frank B. Willis, the names of two new members of the State Liquor License Commission, which will be legislated out of existence by the McDermott license act, which becomes effective September 3.

To succeed J. Howard Secret, whose resignation, to take effect August 7, was made public today, the governor named M. M. Rose, of Worthington County. Rose is a brother of former State Senator W. R. Rose, author of the late Rose County option law.

He was former postmaster of Marietta, and long has been the recognized leader in Washington County Republican politics.

To succeed Charles L. Allen, Progressive, the governor selected Frank Hay, of Beach City. Stark County. Hay is a Republican. The complexion, politically speaking, of the new board will be two two Republicans and one Democrat instead of two Democrats and one Progressive. The holdover member is Bryan L. Clendenen, of Hamilton County.

Great interest attaches to the appointment of Hay, for the reason that he has been a candidate for the position of State Liquor Traffic Inspector under the McDermott bill. For the position he has had the backing of Congressman Roscoe McCullough and Senator Jacob J. Wise, of Stark County.

It was Wise's vote that put over the liquor license bill and other administrative measures and there has been considerable speculation as to

figure he cut in the later patronage distribution. Hay is said to be satisfactory to the liberals for the position of Liquor Traffic Inspector. In his present position he can prepare himself for the new duties. His term on the board will begin August 3, when Mr. Allen's term expires.

The appointment of a Traffic Inspector has been the source of no little worry to the liberals since reports have been current that the place had been virtually offered to James A. White, newly elected superintendent of the Anti-Saloon League.

As Liquor Traffic Inspector, White could do more to close saloons than he could as head of the prohibition forces in the field, because of the powers given under the law.

Study of the law has given liberals the impression that their only hope of salvation lies in having not too strict application of its provisions. One of the provisions, which has hitherto escaped notice, is that the law contains a feature of the Canadian license law, which makes it impossible to grant a license to take the place of a license that has been revoked, save at the end of a two-year license period.

While the liquor traffic inspectorship is not regarded as finally settled and will not be until the McDermott law goes into effect, the selection of Hay is looked upon as significant. There has been discussion of other candidates, including Judge Frank H. Kerr, of Steubenville, who was one of the applicants for a place on the Civil Service Commission.

## WALSH PROVES HE'S STILL GOOD; ALLOWS 6 HITS

Chicago Pitcher, After Year's Idleness, Comes Back While Big Crowd Looks on.

Chicago, July 17.—Ed Walsh has come back in the opinion of the biggest week day crowd of the season which watched him pitch Chicago to victory over Philadelphia yesterday, 6 to 2. Holding the Athletics to six hits, passing only three men and striking out five, the big pitcher looked like the Walsh of old, though some critics thought he lacked much of the speed he used to show. It was noted by others that he seldom, if ever, resorted to the spitball, his forte in his best days, but depended mostly on slow curves and his expert knowledge of the opposing batters.

In any event, Walsh satisfied the big throng and was the hero of an ovation from the time he took his place on the slab to the end of the game when cheering admirers carried him off the field.

Of the half dozen safe drives the Athletics gathered, J. Walsh made three and Davies two, the latter getting a triple, which paved the way to Philadelphia's first run. Walsh's most trying inning was the eighth, in which a walk and two singles gave the Athletics one run and threatened more, but he fanned Schang and caused Lajoie to fly to Weaver for the final out.

The Sox runs were mainly gifts. Schalk singled after Wyckoff had passed two and Lajoie fumbled a grounder in the second, when four scored. Pitcher Sheehan got by without allowing a run, but successful bunting in the eighth off Knowlson netted two more the White Sox.

Besides the bestowal of gifts upon Walsh, the ceremonies included the raising of the Chicago championship pennant by a squad of soldiers from Fort Sheridan.

## FORMER NEWARK BOY BRINGING MOVIE ACTORS TO THIS CITY

RICHARD COY.

Mr. John Gallagher will introduce a novelty next Wednesday afternoon when he has Steve Brown, the double of Charles Chaplin work in a local picture house. Brown is a man with a wide reputation as Chaplin's double, in fact he is funnier at times than Chaplin. Richard Coy, "The Harum Scarum Coy," as the Cincinnati Enquirer termed him, will support Brown in the local play. Coy is generally at home wherever his hat is off, but always hangs it on the hall rack when in Newark, so you may say this is Dick's home. He was born in Church street, went to Central school and about 11 years ago he went to see the city and from that day to this he has been in every state in the Union. He has played in vaudeville, is a boxer of note, traveled for Capital City Supply company, promoted boxing bouts, is the manager of Fred Nestor and other good boxers, and now the last, is in the movies. Along with Coy there are many others of note who will be before the public next Wednesday.

## DAUBERT

STILL LEADS IN NATIONAL LEAGUE AND TY COBB IN THE AMERICAN

Larry Doyle of Giants is Close Second to Brooklyn Star—Baseball Statistics.

(Associated Press Telegram)  
Chicago, July 17.—Captain Larry Doyle, of the Giants, has attained second place among the batters of the National league. His average of .336 credited to him in averages published here today, puts him right on the heels of the league leader, Daubert, of Brooklyn, whose percentage is .336. Next to these two, the leading batters who have played in at least half of the games are:

Groh, Cincinnati, .321; Luderus, Philadelphia, .320; Robertson, New York and Gravath, Philadelphia, .310; Whitted, Philadelphia, .300; Wade Killifer, Cincinnati .299; Saier, Chicago and Wilson, St. Louis, tied with .298; H. Zimmerman, Chicago, .297; Snyder, St. Louis, .292; Collins, Pittsburgh and J. Smith, Boston, tied with .291.

New York leads in club batting with .258 and Chicago is next with .258.

Saier leads the league in stolen bases, with 21; in total bases with 152, and in runs scored with 50. Gravath has most home runs 13.

Leading National league pitchers who have acquired .600 average in 15 or more games are: Pierce, Chicago won 9 and lost 1; Alexander, Philadelphia, 17 and 5; Mamas, Pittsburgh, 13 and 4; Dale, Cincinnati 10 and 5; Mayer, Philadelphia, 12 and 7; Meadows, St. Louis, 8 and 5; Pfeiffer, Brooklyn, 8 and 5; Dell, Brooklyn, 9 and 6.

Alexander has 138 strikeouts to his credit.

In the American league, Cobb has increased his average to .409 and still leads in stolen bases with 50 and in runs scored at 90. Crawford, Detroit, has most total bases with 169 and Caldwell, Boone and Peckinbaugh of New York, Oldring of Philadelphia and Kavanaugh of Detroit are tied for home run honors at four each.

Following Cobb are: Crawford, Detroit 346; E. Collins, Chicago, 341; Jackson, Cleveland 338; Fournier, Chicago, 328; Veach, Detroit, 321; Maisei, New York, 316; Strunk, Philadelphia 314; Speaker, Boston, and Lajoie, Philadelphia, tied with 311.

Jim Scott has wrested the pitching leadership from Faber, his teammate. The "600 pitchers" of the American league are Scott, Chicago, won 13 and lost 3; Faber, Chicago 16 and 5; Foster, Boston, 10 and 4; Daus, Detroit, 13 and 7; Fisher, New York, 11 and 6; Shore, Boston 7 and 4; Benz, Chicago, 7 and 4; Gallia, Washington, 8 and 5; Ruth, Boston 8 and 5; Coveleskie, Detroit, 11 and 7; Johnson, Washington, 12 and 8; Caldwell, New York, 12 and 8; Boland, Detroit, 6 and 4; Chicago Detroit are tied in club batting with 269 for first honors.

In the Federal league the leaders are: Magee, Brooklyn, 346; Kauff, Brooklyn, 341; Walsh, Baltimore, 324; Campbell, Newark, 223; Flack, Chicago, 322; Easterly, Kansas City, 322; Cooper, Brooklyn, 319; Yerkes, Pittsburgh, 318; Deal, St. Louis, 314;

Fischer, Chicago, and Duncan, St. Louis, tied with 312.

Kauff leads the league in stolen bases with 25; Knoetchy, Pittsburgh, in runs scored, 48 and total bases, 147, and Walsh, Zwillling, Chicago Chase, Buffalo, and Knoetchy, in home runs at eight each. Brooklyn leads the clubs with 276 and Pittsburgh is second with 264.

Leading Federal league pitchers are: McConnell, Chicago, won 15 and lost 6; Cullon, Kansas City 13 and 6; Allen, Pittsburgh, 13 and 6; Packard, Kansas City 10 and 5; Brown, Chicago 8 and 4; Davenport, St. Louis 11 and 6; Plank, St. Louis 9 and 5; Main, Kansas City 9 and 5; Groom, St. Louis 9 and 6.

## NEW RECORD FOR TIME IN RACE OF NINE HEATS

Tiffin, July 17.—A world's record for time in a nine-heat pacing race on a half-mile track was established here yesterday by the 2:12 pacers. Six of the heats were decided on Wednesday, one on Thursday and with rain causing a postponement, the last two heats were held today. Handy Jim won. The best time was 2:11 1/4. Grand Opera, favorite in the 2:10 pace, and Billy Dale, the choice in the 2:14 pace, both won easily. Mildred Direct, the favorite in the 2:16 pace, was defeated by Tommy Direct. Vanburn, owned by Nels Vanatta of Newark, finished outside the money in the 2:10 pace.

## REV. G. L. DIEHL SUNDAY NIGHT ON CHRISTIAN SCIENCE

Rev. G. L. Diehl, Plymouth church, will speak Sunday evening on Christian Science. The public and members of the Christian Science church are invited. His aim will be to answer the questions of honest people on this subject by a fair and sympathetic presentation of it from the standpoint of religious education. He will tell why so many excellent people are Christian Scientists, to give Christian Scientists full credit for the results it has obtained and to speak in particular of the results, to analyze the psychological state of these persons. He will then discuss the problem of the mind and body, of the freedom of the will, the relation of the individual to God, the interpretation of Christian Science as upon Christ, Christian Science as a system of thought and its distinction from the generally accepted Christianity. He will finally seek to analyze the motive of Christianity in comparison with that of Christian Science.

W. Peterman is high for the pound of Tuxedo given away by the American Tobacco Co. for high total of two games ending tonight, with 142.

## NEW RECORD FOR MILE-RUN SET IS BY BOSTON MAN

Taber Shatters Even the Professional Record—Meanix Sets New Mark For 400-Yard Hurdles.

Cambridge, Massachusetts, July 17.—The fastest recorded mile ever run by man was the athletic feat of Norman S. Taber, formerly of Brown University, in the Harvard Stadium yesterday. His time was 4 minutes, 12 3-5 seconds.

W. H. Meanix, formerly of Colby College, set a new world's time of 54 3-5 seconds for the 400-yard hurdles. Both Taber and Meanix ran under the colors of the Boston Athletic Association. The former amateur mile record was 4 minutes 14 2-5 seconds, made on the same track by John Paul Jones of Cornell in 1912, Taber running second. The professional record of 4 minutes 12 3-4 seconds, has stood since 1886, having been made by W. B. George, Little Tidge, England, in a scratch race with A. B. Cummings. The former 400-yard hurdle record of 56 4-5 seconds was made in 1910 by Anderson of England. Meanix held the amateur record of 57 4-5 seconds, made last year.

Running conditions yesterday were ideal. There was scarcely a breath of air in the stadium, the sky was overcast and the track was lighting fast.

## CAPITAL CITY LEAGUERS PLAY HERE ON SUNDAY

The Schullmans of the Capital City league, with Snyder, Pennysbaker, Purcell, Mason and other players well known to Newark fans, will play Sunday afternoon at Wehrle park. The game being announced to start at 3 o'clock. Writen, old Newark favorite, will play shortstop for the C. A. C., the Newark representatives in this league. The game promises to be one of interest.

## TRACK MEN WILL TRY FOR PLACES IN EXPO EVENTS

(Associated Press Telegram)  
Chicago, July 17.—Track and field athletes of the Central West were carded to compete today at the University of Chicago field for a place on the team which will represent the Central Amateur Athletic Union at the Panama-Pacific games next month.

The track is fast and experts predicted that with continued warm weather, the competition would be the speediest of the season.

Alonso A. Stagg, director of athletics at the University, will act as referee. Seventeen events are to be decided.

Most of the competitors took part in the Central A. A. U. track and field championship events which were contested on the varsity field two weeks ago, in which seven records were broken.

## HORSE BREEDER NOTED IN PAST DIED YESTERDAY

(Associated Press Telegram)  
New York, July 17.—Jacob E. Haring, famous forty years ago, as the breeder and owner of celebrated horses, died yesterday at his home at Scotland Hill, Nanuetto, N. Y. He was 75 years old. Among the noted horses bred on his farm were Deucalion, Scotland Maid and Goldsmith Maid.

Turf devotees have declared that Mr. Haring did more than any other man in the country to keep commercialism out of horse breeding and racing.

## FALSE BONDS OF MINNESOTA FOR QUARTER MILLION

Chicago, July 17.—What purport to be false Minnesota state bonds and counterfeit currency to the amount of a quarter of a million dollars were found today by police who entered a West Side rooming house to quell a disturbance between boarders and landlady. The currency was in one, two and five dollar bills.

Though the boarders had a trunk so full of spurious money that two detectives could hardly lift it, they had refused to pay their rent and the argument became so noisy that passing officers entered the house.

Four boarders were arrested. In the house were found supplies and machinery of the kind used for making counterfeit money.

## SUSPECT TRIES SUICIDE WHEN TAKEN TO JAIL

McClelland Matthews, who says his home is at Channelsburg, near Zanesville, attempted suicide Friday shortly after he was arrested on suspicion following a search through the woods near Summit Station by Police Chief Sheridan and a squad of officers. The Newark officers had been informed that a man answering to the description of David Stiffen had been seen in that neighborhood.

After being taken into custody, and while walking towards an automobile, Matthews drew a knife from his pocket and hacked several times at his throat. He broke the skin but the knife proved too dull to inflict any serious wound. The knife was taken away from him.

Matthews will be held pending an investigation. The sheriff of Muskingum county has been notified but up to noon today no word had received from Zanesville.

The man in custody has been seen in the vicinity of Summit Station for several days and his actions alarmed the residents there.

## Granville

(Special to the Advocate.)  
Granville, July 17.—Owing to the threatening weather of yesterday afternoon, the Presbyterian picnic under the auspices of the Woman's Missionary society, was held in the church, with a most enjoyable time reported. A program was presented, the pastor, Rev. B. D. Barnes, giving a brief but inspiring address. Miss Anna Barrett was the soloist and sang with charming expression; Ethel Thompson and Juanita Jones each gave a reading. At the close of the program a social time was enjoyed, and the afternoon concluded with the serving a splendid supper at 5 o'clock.

The Christian Endeavor and the Epworth League will unite forces for the rest of the summer, and the first joint meeting will be held in the Methodist church tomorrow evening.

The Methodist young people will hold a fete on the church lawn this evening, where you will enjoy your ice cream.

The Social Union of the Baptist church carried out the plans for an out door meeting yesterday afternoon and assembled at 3 o'clock on the large porch of the Burton Case residence in West Broadway, where places had been provided for some sixty-five guests. Many were kept away, however, by the intense heat and the threatened rain, and only forty were present. The treasurer, Mrs. Prouty, being in Michigan for the summer, both her report and the secretary's report were given by Mrs. T. A. Lewis. The president, Mrs. Burton Case, was in the chair, and an interesting business meeting was held for an hour, in which many took part. Mrs. Howard Darrow, chairman of the entertainment committee, reported splendid progress in the rehearsals for the Extra to be given on Wednesday evening, and speaks a generous support of this mid-summer venture. On motion, the secretary was instructed to send a letter of love and sympathy to Mrs. E. S. Sheppardson, a former president of the Social Union, who has been ill at the home of her daughter in Norfolk, Va., and a note of welcome to little Nancy Elizabeth.

Dolbey, in memory of her grandmother, the late Mrs. Elizabeth Blackwood Gilpatrick, also a former president of the organization. Miss Howland, accompanied by Mrs. Darrow, sang a double number, "Heart of Mine" and "There is a Land." The meeting then adjourned to the lawn where at a beautifully decorated table punch and wafers were served by Misses Elizabeth Ewart, Josephine Darrow, Lucille Tille, and Florence Carney.

Mrs. Alfred Orcutt, with her little son, has gone to her old home in Michigan, to spend the remainder of the summer. At the close of the summer school, July 30, Professor Orcutt will join her there.

Mrs. W. P. Ullman left at noon today for Monroeville where she will spend a week with her sister, Mrs. Mary Boswell, afterward going on to Cleveland for a visit with Mrs. G. M. Street, formerly of Granville.

In the Baptist church tomorrow morning, services will be conducted by the pastor, Rev. Millard Brelsford, who will preach on the subject, "Needed a Revival." The union service at 7 p. m. will be held in the Baptist church, the sermon to be preached by Rev. T. B. White of the Central Methodist church of Zanesville.

Rev. T. B. White will preach at morning service in the Methodist church tomorrow, the pastor, Rev. A. J. Hawk, having gone to Zanesville to preach in the Central Methodist church there.

In the Episcopal church there will be the regular services, with a morning sermon by the rector, Rev. David, Barry on the subject, "The Unfettered Christ," in the evening, the first of a series of four special Sunday evening lectures on the "Temptations of Our Lord." Subject, "The Door of the Shadow."

Rev. R. I. Northey of Newark will preach in the Welsh Congregational church, tomorrow at ten o'clock.

Mrs. J. S. Jones observed the third anniversary of the birth of "Little Sallie," yesterday afternoon, by entertaining a half dozen children in a delightful manner, at Bryn Du farm, on the Newark road. Alfred and John Owen, Evelyn Crawford, Frances Guckert, Margaret Perry and little sister accompanied by their mothers were among those present. The grown-up members of the party were Mrs. Margaret Halderman and Miss Mollie Jones, sister of Mrs. J. S. Jones.

Mrs. C. L. Williams returned last evening from a visit to Columbus.

Prof. and Mrs. W. H. Johnson and son, Mr. Lowell Johnson, left today for Summerland Beach where they will be week-end guests at the cottage of Prof. and Mrs. A. M. Brumback.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. ## WATER HIGH AT BUCKEYE LAKE; LITTLE DAMAGE

The water at Buckeye Lake for the past few days has been higher than it has been for a number of years, despite the fact that the flood gates have been opened to allow it to escape.

The floors of nearly all the private boat houses around the little lake have been covered with water and in a few instances it was impossible to get in for the launches. Word from the lake this morning states that the water is receding.

None of the cottages was damaged but residents along the north bank have kept a watchful eye as when the water was high and a gale blowing the waves would roll over the concrete retaining walls and splash up against the cottages. None of them however, was in any danger.

The Independent Circle met at the home of Mrs. Kate Flohr, in Hudson avenue.

The club prize was won by Mrs. Frisco.

Eleven members were present.

The guests of the club were, Mrs. L. A. Flohr and daughter Kathryn and Miss Ruth Doughty, of Laurens, South Carolina.

The next meeting will be August 6, at the home of Mrs. Whitehead, in Leroy street.

On Wednesday, July 21, beginning at 10 o'clock, the women of Licking county representing every township, will meet for an all day meeting in the First Presbyterian church, to effect an organization to co-operate with the Mer's Dry organization. A good attendance of the Newark women is desired. Mrs. Florence D. Richard, state president of the W. C. T. U., will be present and deliver an address in the afternoon. Each lady to bring a box lunch. The ladies of Newark will serve free coffee.

The following young people will form a house party at the Halley cottage of Buckeye Lake for the week beginning July 18. Misses Hilda Oberfield, Florence Binder, Agnes Murphy, Charlotte and Ida Linden, Mr. Earl Binder and Lorain Hansberger of Newark; Miss Anna McWilliams and J. N. Brenza of Cleveland; Mr. T. L. Moore of Philadelphia, Pa. They will be chaperoned by Mrs. M. Guthrie and Miss Mamie Raferty.

The program for the open meeting of the G. A. R. to be held on Sunday afternoon at 2 o'clock, is as follows:

Song by Audience.  
Invocation—Chaplain J. W. Wilson.  
Song—West End Male Quartet.  
Address—Mr. Frank L. Johnson.  
Vocal solo—Miss Mabel Young.  
Army Reminiscences—Comrade J. W. Wilson.

Music, Drum and Pipe—J. S. Loughman and Russell Loughman (six years old).

Address—Comrade Green.  
Vocal Solo—Miss Clark.  
Closing Song—Frank Preston.

The members of the Zenobia club were delightfully entertained at the home of Miss Ida Gard in Hoover street on Friday evening.

A party composed of Misses Emma Fetter, Bernadette Winters, Josephine Yost, Esther Squiggins, Messrs. John Floyd, Charles Heipley, Charles Gilbert and Morris Kennedy, chaperoned by Miss Mamie Rafferty and Mrs. Chas. Heipley, spent Thursday at Buckeye Lake. A delicious dinner and supper was enjoyed.

The picnic of the Alpha Sewing Circle which was planned for the park, was changed on account of the rain and was held in the Harry Toothacher garage. About fifty people enjoyed a good supper, including the members and their families and a few invited guests.

Justice Newman's Mother Died Very Suddenly Friday

Columbus, July 17.—Mrs. George O. Newman, aged 71, mother of Supreme Court Judge Oscar W. Newman, died suddenly Friday at the home of her daughter, Mrs. E. H. Shaw, in Atlanta, Ga. She and her husband had been visiting at her daughter's home for several months.

She was a daughter of Colonel Oscar F. and Martha B. Moore, and was born in Portsmouth, on Aug. 3, 1844. Besides her husband she is survived by two sons, Judge Newman of Columbus, and Russell C. Newman, of Beckley, W. Va., two daughters, Mrs. Shaw of Atlanta, and Mrs. E. H. Alger, of Huntington, W. Va., and a sister, Mrs. James W. Newman, of Portsmouth, wife of the former secretary of state.

The body will be taken to Portsmouth for burial. Judge and Mrs. Newman left Saturday for Portsmouth.

**Glacier Protection.**  
Protecting itself against a glacier is the peculiar problem that confronts the town of Valdez, Alaska. This glacier, situated between mountain masses several miles away, has proved dangerous in periods of long sunshine, when great masses of ice sometimes fall to the ground, releasing tons of water that had been held in pools and ponds on the glacier. The water rushing to the town picked up trees and bowlders on the way, often doing considerable damage, as in 1911, when 108 structures were carried to the ocean. United States army officers conceived the idea of preventing the recurrence of such floods by the construction of a dike. The dike is in a general U shape, so constructed that the town lies within the arms out of reach of the water. It is 7,500 feet long and six feet wide, constructed of earth. During flood times guards patrol the dike ready to give warning if any weakness or break is discovered.—Technical World.

**The Good Birds Do.**  
The department of agriculture informs us that out of fifty species of hawks and owls only four are actually injurious to crops. One observer tells us that he has seen with his own eyes an owl of his acquaintance swallowing nine field mice, one after another, until the tail of the last remained in evidence. However, in four hours, this meal having been digested with no apparent effort, the owl was ready for four more mice. The old hawk and his wife will consume a round dozen of mice each during a single day, and in two months' time their youthful brood will devour a similar quantity. It has been stated that a colony of hawks will kill 10,000 rodents in three months' time. We all know what damage mice perpetrate in our grain fields. The farmer may well spare a chicken or two from his henyard in payment for service rendered him by these birds of prey.—Countryside Magaz. and Suburban Life.

**The House Centipede.**  
The common house centipede is not a creature to be dreaded, although its bite is more or less poisonous, but there are so few cases on record of its biting human beings that the danger from this source may be said to be negligible. On the other hand, the centipede is a valuable destroyer of other and far more disagreeable vermin. According to a bulletin of the United States department of agriculture, it feeds on houseflies, cockroaches, moths, bedbugs and other such pests. It does not eat holes in blankets, curtains, carpets or furniture. The centipede thrives in damp places, such as bathrooms, closets, cellars and conservatories; it loves hot water pipes and steam radiators. It is not an insect, but one of the order of myriapods. If by chance a person be bitten by a centipede, bathing the spot with ammonia will speedily cure it.

**Mother and Efficiency.**  
The efficiency experts appear to have overlooked the most important field of all. While the railroads have been subjected to the closest scrutiny, while the automobile industry has been reduced to the lowest cost minimum, and filing systems, group work, overhead charges, etc., have all received their need, mother appears to have escaped. Mother still does pretty much as she pleases. Her whims still continue to regulate the prices of the leading commodities. Whether a large portion of the community shall travel, how much they shall eat and what they shall wear still depends upon mother, who buys nine-tenths of everything that is bought. Until the "mother efficient" is inaugurated, how can we expect to make much progress?—Life.

**Stars Hotter Than the Sun.**  
Scientific research shows that the sun has a temperature of 4000 degrees; Aldebaran, that beautiful star in Taurus, 5150 degrees; the polar star, 5200 degrees, and the dog star Sirius, 7500 degrees. This goes to show that the sun is undoubtedly one of the coldest of the stars. It also is evidence that absurdly low temperatures of the earth which living things here consider hot are, as compared with the heavenly bodies, regions of frigidity. Even the electric furnace, with its 3500 degrees of heat, is as ice compared with temperatures in the dog star and the others.—New York American.

**Northern Lights.**  
The frequency of the Aurora Borealis is supposed to be variable, with a period of about eleven years, corresponding almost exactly with that of the frequency of sun spots. For this reason, among others, it is supposed that some connection exists between the two.

**The Human Jaw.**  
The human jaw is very loosely socketed in the skull, so that it is often dislocated by the mere act of yawning. Not being intended for biting purposes, offensive or defensive, no attention seems to have been paid by nature to making it fast.

**Stock Definition.**  
Little Johnny on being asked by his schoolteacher if he knew what was meant by "at par" promptly replied that "ma was always at pa when he came home late at night."—Exchange.

**Too Happy For Words.**  
"How did Alice announce her engagement to the family?"  
"She just wiggled the finger that had on the diamond ring."—Boston Transcript.

IN BUNGALOW, BODY OF WEALTHY WIDOW FOUND AT LOS ANGELES

Mrs. Frances Harrison, Formerly Lived at Indianapolis and Known As the "Diamond Widow."

Los Angeles, California, July 17.—The body of Mrs. Frances L. Harrison, formerly of Indianapolis, Indiana, a wealthy widow, was found yesterday at No. 2171 West Twenty-ninth street, in the bungalow which she occupied since early last April. Working on the theory that the woman was murdered, the police are endeavoring to locate a man who is known to have lived with her, and who, according to neighbors, was seen leaving the house Friday afternoon of last week carrying two suitcases.

Mrs. Harrison was known in Los Angeles and San Francisco as the "diamond widow," having carried a large number of the precious stones on her fingers and in a necklace. None of the diamonds was found when the police broke into her bedroom, the only jewelry among her effects being a tangle ring of little value. Robbery is accepted as the motive for the crime.

Since her arrival in Los Angeles, seven years ago, following a divorce from a wealthy real estate dealer of Indianapolis, Mrs. Morrison lived in many different hotels and apartment houses here. She never seemed to want for money and was always looked upon as a woman of considerable means. She is said to have received a large monthly income from property she owned.

Discovery of the body followed an alarm sent to the police by Mrs. Ray McLehose and other neighbors whose curiosity had been aroused by the continued absence of Mrs. Harrison, and the fact that the widow of her bedroom was almost hidden by a swarm of flies. An officer went to the little bungalow and forcing an entrance, found the woman's body.

In Mrs. Harrison's effects were found letters from Theodore Harrison, 408 American Central Life Building, Indianapolis; a letter from C. O. Wilson, of 229 Farnum street, Omaha Nebraska, and a letter signed "Your Boy and Girl," from the "P.L. Company, 1623 Farnum street, Omaha." Wilson is evidently a son or nephew of the dead woman.

Bank books which were found showed large amounts of money on deposit here and in San Francisco, where she conducted money loaning operations. A list containing the

names of persons owing her money in San Francisco was found. She had loaned a total of \$36,000 there.

## Obituary

**Robert C. Smith.**  
Bladenburg, Ohio, July 17.—Robert C. Smith died at the home of his daughter, Mrs. Wright of this place, Friday morning. Death was due to dropsy and heart trouble. ## DANIELS SOON TO PUBLISH PLAN OF ADVISORY BOARD

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 17.—Secretary Daniels today announced that he would issue a statement Monday, developing his plan for a civilian naval advisory board of which Thomas A. Edison is to be the head.

While the secretary declined in advance to say definitely what the statement would contain, it was believed that it would include the names of some of the noted inventors and technical experts who will be invited to serve on the advisory board with Mr. Edison.

## CORONER RENDERS SUICIDE VERDICT OF HOLT'S DEATH

(ASSOCIATED PRESS TELEGRAM)  
Mineola, N. Y., July 17.—After hearing the testimony of several witnesses, Coroner Walter E. Jones announced today that he would render a verdict of suicide by jumping from a prison tier in the case of Erich Muentzer, alias Frank Holt, who shot J. P. Morgan, exploded a bomb in the capitol at Washington and intimated a letter to his wife that he had placed a bomb on one or more ocean steamships. A belief that Muentzer might have shot himself based on the statement of his keeper, was responsible for the extended inquiry conducted by the coroner.

## The Courts

**Divorces Granted.**  
Two divorces were granted in the court of common pleas today. Mary Faint was divorced from Paul E. Faint, on the grounds of desertion and failure to provide. The plaintiff was granted alimony and the custody of a minor child.

Anna Granger was divorced from Harry Granger on the grounds of failure to provide. The defendant is a stevedore and also works at the street railway business. There was no contest in either case.

**GOVERNOR HAS VETOED  
ANTI SHIPPING BILL.**

(ASSOCIATED PRESS TELEGRAM)  
Montgomery, Ala., July 17.—Governor Henderson today vetoed the anti-shipping bill on the ground that he did not believe the law could be enforced and that its constitutionality was doubtful.

**Petition for Alimony.**

Mary V. Lovell has filed a petition in probate court against her husband, Frank Lovell, asking that she be granted alimony for herself and minor children. The petition recites that they were married November 3, 1882, and are the parents of six children, four of whom are of legal age and two minors, one of whom is 14 years of age and an invalid. The plaintiff charges extreme cruelty on the part of defendant; that he habitually cursed her and called her vile and indecent names and that he now threatens to do her personal injury; that he has failed and refused to provide plaintiff and minor children with the necessities of life. Plaintiff charges that defendant is physically able to obtain work and support herself and minor children, but that he applies his wages solely for his own pleasure and not for the support of his family.

**West Point Graduates.**

**Every Day Etiquette**

Please tell me if the engagement ring is worn during the ceremony or if the wedding ring is placed on the finger over the engagement ring?" asked Alice.

"It is customary to remove the engagement ring just during the ceremony, leaving the finger clear for the wedding circle, and afterwards putting the engagement token over it," said her mother.

## "Over The Wire"

(By Dorothy Clarke)

I'm so excited! . . . I've found just the dance dress you've been looking for . . . I've kept my eyes open ever since you asked me to, and yesterday I saw exactly what you wanted . . . I hope you won't be angry, but it was so good-looking. I paid a deposit on it to hold it . . . Of course, an imported model . . . of heavy raspberry-pink silk . . . it's extremely old-fashioned, with a bodice that is an exact duplicate of the Civil War frocks, except that it isn't boned . . . Around the neck and across the arms runs a line of very small French flowers of every variety . . . daisies, corn-flowers, roses, oh, every kind you can think of! . . . The skirt is very full and scalloped, and the most exquisite old-lace petticoat hangs two inches below the skirt all the way around and of course it shows nearly six inches at the scallops . . . I thought we could motor in this morning . . . I know you'll adore it . . . In half an hour, then. Good-bye . . .

**In Milady's Boudoir**

By Gwen Sears

It is a mistake to suppose that the hair is annually shed as birds molt their plumage and some animals change their coats. Human hair is perennial, and if it's owner escapes illness and takes proper care of her "crown of glory," it will retain it's vigor until late in life.

Winter is hard on the hair as it is on the complexion, and while the hair grows at the rate of five or six inches a year, this growth is mostly in the summer.

While the condition of the hair is largely a matter of physical health, yet certain characteristics result from fastidious care. Unkempt, rough, listless, split hair is always the death knell to it's attractiveness. The hair should be carefully brushed every night. Brilliance and modern preparations for causing the hair to curl, should be avoided as much as possible.

By keeping up a good health standard, the general splendor of the hair will be improved. Good blood is the best asset toward lustrous tresses.

**Your Boys and Girls**

A child's face and bath cloth need a bath fully as much as the face. After using the cloths they should be placed in the bottom of the wash stand and the hot water turned on. Do not put the stopper in the wash stand, but let the hot water drain off the cloths and so carry with it some, at least, of the germs.

Before using the cloths a bath should always be given them, just as with the soap. When they are hung up they are damp and form splendid dust collectors. Besides the cloths are probably hung near other damp cloths which belong to other members of the family. All this explained to the boys and girls will make them very careful to practice hygiene of their own accord.

## A DUTY YOU OWE TO THE NEWARK MERCHANTS

**Before Sending Money to Distant Concerns, Citizens Should Give Local Merchants an Opportunity To Compete With Foreign Prices.**

### RIDICULE, VOICE OF FAILURE

**Never Stops the Onward March of Progress—Frown Down the Disturber—Ridicule, Paralyzing As Well As Amusing, Often Gratifies a Little Mind Or An Ungenerous Temper—The Safe Plan is Always to Do the Task That Lies Nearest Us.**

(Copyrighted, 1914, by Thomas J. Sullivan.)

Ridicule may be an evidence of wit or bitterness and may gratify a little mind or an ungenerous temper, but is no test of reason, truth or manhood.

Ridicule, besides being conscious and unconscious, may also be indirect as well as direct, negative as well as positive, paralyzing as well as amusing. And myriad in number and kind are the ridiculous suggestions made and being made by the enemies and victims of the mail order concerns in the hope of stopping their onward march of progress.

Do merchants always appreciate their advantage? Would a friend of the merchant or dealer have sent his first order to a stranger who showed pictures instead of goods, who talked on paper instead of face to face, who demanded pay in advance instead of allowing a more unlimited credit had the merchant improved his advantages?

Ought to Emulate Rivals.

It would seem that after one experience of long delays, quite common and to a great extent unavoidable in trading with mail order houses, after one experience of putting things together for himself, after one experience of waiting for a missing part, the friend would not have taken the trouble to order by mail from a stranger had the local merchant or dealer always improved his opportunities.

Everything that happens to us leaves some trace behind it; everything contributes imperceptibly to form us. Yet often it is dangerous to take a strict account of that, for either we grow proud and negligent or downcast and dispirited, and both are equally injurious in their consequences. Always the safe plan is to do the task which lies nearest us and which will augur for our best interests and those of others.

If success can be attained by the retail mail order houses, working under disadvantages, why cannot the local merchant, who has none of these disadvantages, succeed? He can by imitating their methods and practices, by allowing undisturbed inspection of goods and by polite and courteous treatment of all visitors to his store, thus creating new customers and continuing to supply old ones.

In a certain Indiana town a young man ordered a heating stove, price \$8.95. When the stove came he was very much disappointed. The stove was small, while the picture in the catalogue made it appear large and ornamental. Had this young man visited his local dealer and inspected the \$8.95 stove he would not have bought it, but would have selected one for \$12 or \$14 and would have got the right kind and one that would have satisfied his needs.

A Minnesota farmer ordered five rolls of barbed wire. After it came and he had paid the freight he discovered that he could have bought the same identical wire from his local dealer and could have saved \$1, also much time and trouble.

Mail Order Fence In Woodshed. Another man living in a village ordered some wire fencing from a picture in a catalogue, and when it came it was so cheap looking that his pride would not allow him to disgrace his grounds with such a fence, so he stored it in his woodshed and bought what he wanted from his local dealer.

A lady in a little town in Missouri sent to one of the large mail order houses for a pair of shoes, inclosing \$1.07 with her order. After two weeks the shoes came by freight; charges were 25 cents, which she paid. After taking the shoes home she found they did not fit, so she repacked them and sent them back by express, and after another two weeks' wait another pair of shoes came by freight with more charges attached. To the lady's dismay, these shoes were no nearer a fit than the first pair. She then gave up in despair and visited her local dealer, crediting her investment of \$2.56 to experience.

We should like to suggest to the consumer that he be honest with himself; buy at home; help support his own

town; make his own home more valuable. Let Mr. Mail Order Man sell his good things in his own town. Instead of his fooling you, you fool him by trading at home.

Let each community become a co-operative commonwealth to the extent that its citizens shall work together to build up and sustain that community, working with neighbors—competitors included—for the home, town, city, county and state; let civic pride and ambition be fostered; let the professional "grouch" and disturber of the public peace be frowned down; let the incorrigible offender against the principles of square dealing be thrown to the lions of public condemnation.

And to the merchant we say—work; don't ridicule.

### Keeping Dollars at Home.

The lesson with a smile in it has sometimes the best chance. Knoxville, Tenn., has found this out and is acting upon it. Its Board of Commerce has undertaken a campaign of encouraging trade with the home merchant.

Most towns pound, "Patronize home industries" they cry. But Knoxville smiles. When its people enter the street cars they look up to read:

"Think how you'd feel if they ran you out of town. Your dollar has feelings too. Buy at home. Knoxville."

In the store windows they see another card:

"What chance would you get at a dollar sent out of Knoxville? Buy at home. Knoxville."

Even with a smile, there is no lack of serious argument. Another card reads:

"If you buy out of town, and we buy out of town, and all our neighbors buy out of town, what in thunder will become of our town? Ever think about it?"

**Coles Loan Office**, 34 South Second street notifies all delinquents on pawn goods that same will be sold unless other arrangements are made.

**Buy at Home**. Money sent to a distant city seldom returns to your own pocketbook. Think it over.

## Y M C A NOTES

Two ball games were played this week. The first one was played on Tuesday between the North Newark Christian Union Sunday school and the First Presbyterian Sunday school. The First Presbyterian team won by a score of 9 to 3. The "Y" team played the Pirates on the Heisey field on Thursday afternoon. The score was 5 to 7 in favor of the Pirates.

Plans have been made for a social evening in the lobby tonight. All members of the association are invited to be present. "Dave Pierce" expects to demonstrate his method of making judge. Some music, some games and a general good time is expected. The hour is 8 o'clock.

One of the members of the association has agreed to repaint and letter the sign on the north side of the building. This will be much appreciated as it will add to the looks of the building.

Many inquiries are made at the association regarding the Chautauqua tickets. The ladies of the City Federation have left tickets here for those who did not sign up for tickets last week. The advance agents of the Chautauqua make the Association their stopping place, so messages for them may be left here.

The Junior and Cadet boys were on a hike into the country this morning with lunch and enjoyed swimming and reception Calvin Hazzlett and Orville Rawlings were in charge of the group.

Plans are being made for an over night hike for the intermediate boys early next week, probably Tuesday night. All intermediate boys who belong to the "A" or "B" class last winter are urged to join in this hike. More information will be given in these columns the first of the week.

A letter from L. D. Roberts, formerly Physical Director here, shows that he is the director of the Young Men's Gymnasium Association in Sidney, O. This is an association maintained by one man in connection with the Methodist church there.

Everett Wright, who served as physical director 1911-12, has finished a course at the Chicago Institute and Training school and is now an instructor in the school at Lake Geneva, Wisconsin.

Members should keep in mind the general program for the week. Monday, 5:15 to 7:00, Business Men's volleyball class Tuesday morning, 8:30 Junior ball game and swimming Tuesday evening. Intermediates swim Wednesday morning, 9 o'clock, swimming lessons for all members who cannot swim. Business Men's volleyball ball class, Wednesday evening, 5:15 to 7. Thursday morning, enders ball game and swimming Thursday afternoon. Clerks' League ball game Friday, 5:15 to 7. Intermediate swim Friday evening 6:30 to 8:30. Junior and Cadet class Saturday at 8:30 and 10 a. m. At other hours the bath is open to the senior membership.

A letter received from member Donald Power, says he is enjoying his vacation near Meadville, Pa. He says that he is peeling potatoes and corn and pitching hay and that they have 500 chickens where he is staying and that he gets all the eggs and milk he wants.

## Y W C A NOTES

Miss Bergquist and the delegates from the Industrial clubs returned from Council at Summerland Beach Saturday, full of fine enthusiasm and gave their reports at a special meeting held at home of Mrs. R. F. Thomas on Friday night. The girls are so full of plans that they will have to find some means of expression soon. They have been plans for all departments of their club work—inspirational, educational, social service, business methods, and membership honors, and social and moral standards. Just to hear and see the enthusiasm of such a delegation at Cleveland and Toledo sent, was an incentive to our smaller clubs to do better work another year.

Miss Lillian Chambers, Industrial secretary in Toledo Y. W. C. A., was the guest of Miss Bergquist this week and spent one day at Kill Kare Kamp. Twenty-six girls from Canton and Steubenville clubs had lunch at the Association Saturday, on their way home from Summerland Beach.

Rose Kelly and Minnie Harrison have returned to the Association after a prolonged vacation at their homes in Ironton.

The Religious Work committee and the Board of Directors held their regular meetings at Kill Kare Kamp last week, many members staying for supper with the girls. Miss Elizabeth Hughes of Cincinnati, executive secretary for Ohio and West Virginia, was present at the board meeting and helped to outline work for the early fall—including the campaign.

The Camp Fire Girls have all returned from Kill Kare Kamp, Grace and Hattie Looker and Mary Brownfield returning Thursday afternoon. Miss Helen Lucker, their Guardian, remained till Saturday morning.

The following girls are now in camp. Lou Ella Hawkins, Nellie Morse, Ula Hess, Marie McManus, Ruth Jarvis, Laura Begg, Helen Norpell, Ethelyn O'Driscoll, Margaret Hawkins, Marie and Bertha Groat.

There have been many guests and the great many fine donations to Kamp this week: green peas, ice cream, chickens, water melons, cakes, cookies, and innumerable kinds of "spreads" for our bread. We thank all our kind friends for their generous help toward making the summer camp a success, as it has been in the past.

The I. V. Bible class will not meet during July and August.

Cuba is the greatest consumer of raisins among the Spanish-American countries.

## HORSES KILLED, WHEN STORM HITS HEBRON VICINITY

(Special to The Advocate)

Hebron, O., July 1. Three severe wind and electrical storms, with a heavy downpour of rain, struck our village Thursday, the first in the early morning hours, then at 1:30 and at 1:30 p. m. Owing to the great amount of water which fell the streams are swollen and canal almost overflowing in some places. The farmers are very much discouraged. Wheat shocks under water and a large amount of hay cut down and under water, which will be a total loss. During the storm at 4:30 o'clock, lightning killed three horses for Mr. Elmer Neel, near Buckeye Lake. The lots in the valley addition to Hebron are all under water.

Rev. H. H. Carver of the Church of Christ, will preach at I. O. O. F. hall next Lord's Day. Bible school at 9:30; morning service at 10:30, subject, "Jesus—The Man of Joy." Evening services at 7:30 subject "A Most Popular Piece of Poetry." Everyone is most heartily invited to attend these services.

The Hebron Brass Band recently organized, has secured the I. O. O. F. hall for rehearsals, and will meet once a week for practice. The following members are Hebron's best musical talent: Messrs. Edward Meyer, president; S. L. Leeson, secretary; Fred Richards, treasurer; Carl Stinson, Fred Holtzberry, Earl Roberts, Otto Abbott, Sandy Fellars, Herman Fellars, Mr. Hutchinson, Jess Walters, A. V. Blade, Harry Cooperider, Harry Clark, Mr. Batts, Mr. Beckett, Arthur Berry.

L. T. Burch and family have returned home, after several days visit with relatives at Coshocton.

Miss Rosa Burch of Coshocton attended Eastern Star lodge here Tuesday evening.

Mr. Nathan Ricketts, who owned and ran a canal boat from Cleveland to Portsmouth forty years ago, and made his headquarters at Hebron, arrived here Tuesday to look up old friends. Mr. Ricketts left Hebron in 1875 and this is his first visit. However, he found quite a number of friends still here, but the old town was greatly changed to him. Mr. Ricketts is located in southern Missouri.

The Baptist social held on C. A. Pence's lawn, Saturday evening, was largely attended and the ladies were pleased with the liberal patronage from the citizens, and wish to express their thanks to all. The amount realized was about \$19.

Mrs. Zane Watts spent several days this week with friends at Columbus.

Mrs. Ella Green and son Austin and Mrs. Alice Taup of Alexandria, spent several days with Mrs. Alice Neel and daughters.

Miss Freda Ott and Master Klein Reeb of Columbus are guests of Mrs. Rosa Reeb and family.

After a pleasant visit with Mr. and Mrs. George Staley, Mr. and Mrs. Kempker have returned to their home at Columbus.

Mayor White and wife were called to Millersport by the serious illness of the former's mother, Mrs. Julia White.

Mrs. Philip Smith and granddaughter Catherine Justice left here Tuesday to visit relatives near South Bend, Ind.

Mrs. Clara Creelins and two children of Ada, are visiting her parents, Rev. T. N. Madden and family.

The Priscilla club picked up at Buckeye Lake Wednesday with twelve members and nineteen guests present. A delicious two course luncheon was served, and everybody enjoyed themselves in their jolly good way. A picture of the club was taken, also one of the children, who were present. Among the out of town guests were Mrs. Myrtle Jones and son of Athens, and Miss Harby of Cincinnati.

D. P. Burch was very unfortunate in getting his forefinger mashed and cut while removing some goods from an outbuilding. Dr. G. N. Brown attended the injured finger.

### HOW TO HEAL SKIN-DISEASES

A Baltimore doctor suggests this  
simple, but reliable and inexpensive,  
home treatment for people suffering  
with eczema, ringworm, rashes and sim-  
ilar itching, burning skin troubles.

At any reliable druggist's get a jar of  
resinol ointment and a cake of resinol  
soap. These will not cost a bit more  
than seventy-five cents. With the re-  
sinol soap and warm water bath the af-  
fected parts thoroughly, until the skin is  
free from crusts and the skin is soft-  
ened. Dry very gently, spread on a thin  
layer of the resinol ointment, and cover  
with a light bandage—if necessary to  
protect the clothing. This should be  
done twice a day. Usually the distress-  
ing itching and burning stop with the  
first treatment, and the skin soon be-  
comes clear and healthy again.

#### A HINT FOR SHAVERS

If you want a refreshing shave, with  
a thick, creamy lather, try a resinol  
shaving stick. It contains the soothing,  
healing resinol medication which  
makes it especially welcome to men  
with tender faces.

by the pastor, S. V. Hite.

### LUSITANIA

(Continued from Page 1.)

B. Jenkin of Chicago, survivors, and  
William Critchton of New York, whose  
wife was lost.

Before the reading began, Mayor  
Pearl, who has followed the whole  
case closely, expressed the opinion  
that the decision would sharply con-  
demn the officers of the ship and of  
the Cunard line for negligence.

"No doubt there were mishaps in  
handling the ropes of the boats," Lord  
Mersey said, "but in my opinion there  
was no incompetence or neglect."

Baron Mersey found that Captain  
Turner was fully advised by the British  
Admiralty as to the best course to  
follow and added that in some respects  
he did not follow the case out. The  
admiralty instructions were not in-  
tended to prevent Captain Turner  
from exercising his individual judg-  
ment and his failure to follow the  
admiralty's advice to the letter was  
no reason for blaming the reduction  
of the Lusitania's speed, which still  
left the vessel faster than any other  
boat on the Atlantic and Baron Mer-  
sey and he found there was no reason  
to blame the Cunard company for this  
economy during war time.

Relative to the admiralty instruc-  
tions the court said this phase of the  
inquiry was in camera and that it  
would be contrary to public interest  
to discuss it.

Lord Mersey, in handing down the  
judgment, said in part:

"The captain of the ship, Mr.  
Thomas Turner, gave his evidence  
truthfully and well. I am quite sat-  
isfied that the two captains and the  
officers are competent men and that  
they did their duty. Captain Turner  
remained on the bridge till he was  
swept into the sea and Captain An-  
derson was working on deck until he  
went overboard and drowned."

The court here praised Leslie Mor-  
ton, a member of the crew who ship-  
ped at New York and was acting as  
extra lookout man at the time the  
Lusitania was torpedoed, saying:

"He was only 18 years of age, but  
he seems to have exhibited great  
courage, self-possession and resource.  
He was the first to observe the ap-  
proach of the torpedoes and before  
they had touched the ship he had re-  
ported them to the bridge by means  
of a telephone."

Though knocked off his feet when  
a torpedo hit the Lusitania, and later  
having to swim for his life, Lord  
Mersey said, the youth, aided by a  
member of the crew, named Parry,  
righted a collapsible boat and was  
instrumental in saving nearly a hun-  
dred lives.

The court here analyzed the passen-  
ger list, giving the saved and lost by  
sex and nationality, and comment-  
ing on the lack of a general panic.  
He added:

"Some passengers attempted to as-  
sist in launching the boats and in  
my opinion they did more harm than  
good. It is, however, quite impossible  
to impose any blame to them. They  
were all working for the best. The  
cargo was a general cargo of the or-  
dinary kind, but a part consisted of  
cases of cartridges—about 5000. This  
ammunition was stowed well  
forward on the upper and lower  
decks, and was about 50 yards away  
from where the torpedo struck the  
ship."

Lord Mersey then iterated that the  
Lusitania carried no masked guns,  
nor troops.

The warnings issued by Germany  
before the ship left New York, he  
found, only aggravated the crime of  
her sinking.

Explaining the curtailment of boiler  
power, Lord Mersey said the Lusit-  
ania had made five successive trips  
in this fashion before the disaster, and  
"in my opinion the steamer's speed  
was of no significance and was prop-  
er in the circumstances."

Lord Mersey described at some  
length the events immediately pre-  
ceding the torpedoing of the vessel,  
giving her speed as 18 knots and re-  
counted details regarding the posi-  
tion of the ship as testified by Cap-  
tain Turner. Continuing, he said:

"The blow of the first torpedo  
broke No. 5 lifeboat to splinters. A  
second torpedo was fired almost im-  
mediately afterwards which also  
struck the ship on the starboard  
side. The two torpedoes struck the  
ship on the starboard side. The two  
torpedoes struck the ship almost sim-  
ultaneously."

"Both these were discharged by a  
German submarine from a distance  
variously estimated at from 200 to  
500 yards. No warning of any kind  
was given."

Lord Mersey bitterly assailed the  
German government, saying the act  
was a "murderous attack because it  
was made with a deliberate and wholly  
unjustifiable intention of killing the  
people on board."

Of the testimony of a second cabin  
passenger, a witness describing him-  
self as a French subject, who stated  
that he had heard an explosion sim-  
ilar to the rattling of a Maxim gun,  
Lord Mersey said:

"I do not believe this man. His de-  
claration was very unsatisfactory and  
there was no confirmation of his  
story. It may be worth noting that  
Leith, the Marconi operator, who was  
in the second class dining room,  
speaks of but one explosion. In my  
opinion there was no explosion of any  
part of the cargo."

Of what happened in the engine  
room after the torpedo struck, Lord  
Mersey said:

"Orders given to the engine room  
are difficult to follow and there is an  
obvious confusion about them. It is  
not, however, important to consider  
them, for the engines were put out of  
commission almost at once by the in-  
rush of water."

"Complaints were made by some  
witnesses about the manner in which

### CLONDBURST

At Cleveland Took Down Wires and  
Stalled Trolley Cars.

(ASSOCIATED PRESS TELEGRAM)

Cleveland, July 17.—A clondburst  
here late yesterday afternoon took  
down wires and stalled trolley cars  
operating from this city to Char-  
don and Gales Mills. Six cars were  
stalled in the suburbs of Cleveland  
all night. Passengers who were not  
able to secure transportation by au-  
tomobile either slept in the cars or  
adjoining fields all night. Traffic  
was still tied up today. Crops suf-  
fered heavy damage and telephone  
and electric light wires in many  
places were destroyed. The heat  
wave, which set a season's record  
yesterday, promised a few temporari-  
ly broken by showers today. One  
unidentified man was killed by heat  
here early today while two other  
deaths indirectly due to the weather  
was recorded in addition to those of  
six babies.

### IMPROVEMENT

In Conditions at Koton Where the  
Scioto Is Subsiding.

(ASSOCIATED PRESS TELEGRAM)

Kenton, Ohio, July 17.—The  
Scioto river at this place subsided  
two feet in the last twelve hours and  
flood conditions may be improv-  
ing. Indications are that if there  
is no more rain today, the river will  
return to its banks tonight.

A few of the families driven from  
their homes by the flood have been  
able to return. Reports from the  
Scioto marshes indicate that the  
entire onion crop together with corn  
and potatoes planted later, is a total  
loss. The damage in this vicinity is  
estimated at \$26,000.

### FALLING RAPIDLY

Ottawa at Lima expected to be at  
Normal Level Sunday.

(ASSOCIATED PRESS TELEGRAM)

Lima, Ohio, July 17.—Ottawa river  
at Lima has dropped as rapidly as  
it arose and by tomorrow will be at  
normal level.

Members of the city service depart-  
ment are still stationed at the  
bridges keeping watch on piling up.  
Limited traffic has been per-  
mitted across all bridges.

Families are coming down from  
higher land and moving back into  
their homes in the lowlands. In  
portions of the city not touched by  
the flood, much damage was done by  
flooded cellars where articles stored  
were ruined.

Late last night the police were  
called to rescue about dozen families  
marooned on a small island. The  
force of the water was weakening  
their houses and they feared they  
would be swept down stream.

Damage at Harod, eight miles  
east of Lima, was also severe. Fif-  
teen houses were damaged or de-  
molished and the Methodist church  
was destroyed. Damage to crops will  
amount to thousands of dollars.

### LICKING LOWER

Friday Evening River Left Its Banks  
But Danger Quickly Passed.

The rains of the last few days fi-  
nally started the North Fork of the  
Licking river on a rampage and last  
evening about six o'clock it finally  
overflowed and left its banks. It  
lasted but a short time and this  
morning the water was back in its  
normal channel. A large number  
of people gathered on the different  
bridges over the city last evening,  
waiting to witness the overflow. It  
only occurred, however, in the low  
places. Some garden patches were  
damaged between East Main and In-  
diana streets.

Many of the small streams in var-  
ious sections of the county left  
their banks and in a number of in-  
stances crops were damaged, in some  
places shocks of wheat and cocks of  
hay being carried away. Quite a  
little hay which had been cut and  
was then abandoned on account of  
the rain, will be a total loss. There  
has been but little threshing done in  
Licking county but if the rain will  
remain away for a week thousands  
of bushels of wheat will be market-  
ed.

#### MT. OLIVE ENCAMPMENT, No. 12.

MT. OLIVE ENCAMPMENT met in regular session Thursday evening, July 15, with a good attendance.

A very large budget of business was before the Encampment and it was one of the busiest evenings that the camp has had for some time.

Under the head of the order many remarks were made in regard to the Encampment's visit to the Grand Encampment at Columbus, Ohio, July 13, at which event Mt. Olive Encampment was awarded the Silver Loving Cup.

Praise was heard on every hand in regard to the fine appearance and the good music furnished by the Buckeye Band of Newark. Even the Grand Marshal of the day at Columbus thought so much of this band that he gave them a special place in the grand parade, and to say that the Buckeye band made good would be putting it very mild.

Brother John Gallagher of the Lyric and Gem picture shows has donated 1000 tickets to be sold at 10 cents each, these tickets are good in the afternoon and evening of July 19-20-21-22, the proceeds to be given to the widow of Patriarch Walter T. Boscowan. For further information see L. T. Shannon, at the City Drug Store, Saturday evening 7:30 and 9 o'clock.

Owing to the lateness of the evening the meeting was adjourned to meet Thursday evening, July 22, when the installment of officers will take place.

All patriarchs are urged to attend this adjourned meeting. Visiting patriarchs are always welcome.

#### Olive Branch Lodge, No. 34.

Olive Branch Lodge, No. 34, met in regular session Tuesday evening July 13, the attendance being small, a number of our members going to the State Encampment of Odd Fellows at Columbus.

## FILM MAKERS THROW BLAME ON EXHIBITORS

AND BY SPECIOUS ARGUMENT FAVORING REFERENDUM ON NEW CENSOR LAW

Which Makes Manufacturers Equally Responsible for Not Eliminating Parts Ordered Suppressed.

(ASSOCIATED PRESS TELEGRAM) Columbus, July 17.—Charges that moving picture film makers and exchange men are using sinister arguments to induce exhibitors to aid in a referendum on the Besaw censor bill, are contained in a report of the state board of censors, made to the state industrial commission today. Those interests which now are behind the referendum are the real violators of the present law, the report says, and are trying by means of the referendum to continue to keep the responsibility for violations on the exhibitors.

The Besaw bill makes manufacturers and exchanges equally responsible for failure to make eliminations ordered by the state board of censors with the exhibitors. The present law provides only the exhibitors may be prosecuted for showing films or sections of films not approved by the board.

"In trying to lighten the burden from the exhibitors, the censors have been amazed to find that the exhibitors are allowing themselves to be used by the exchange men and manufacturers to assist in getting the referendum," says the censor board's report. "This is to be done by the use of slides in the motion picture house, calling on their patrons to vote against censorship. Should the referendum be successful, the first censorship law will not be repealed, but the new one will and the burden of violations will again fall on the exhibitors, instead of on the exchange men as provided by the amendment."

"The manufacturers and exchange men have been the real violators of the law. They know when a picture has been rejected and what eliminations have been ordered. Yet they have persistently sent out films rejected by this board, removing leaders of approval from other films which have been passed and placing them on the rejected pictures. The exhibitors of such films throughout the state have given the impression that the board of censors has passed them, because they have been shown with our leaders of approval."

"Back of every movement against state censorship is the national board of censors of New York, representing a large group of manufacturers who wish to exhibit indecent, coarse and vulgar pictures, and films showing crime in every form. Those pictures will not be passed by the Ohio board of censors."

## DAMAGES

AWARDED MAN FOUND INNOCENT OF CHARGES MADE BY ANTI-SALOON

Case Before Supreme Court of Ohio in Which Important Point is Involved.

(ASSOCIATED PRESS TELEGRAM) Columbus, July 17.—The right of persons to contribute funds to be used in prosecuting law violators, and to sign affidavits intended to secure search of property suspected of being used in law violations, without being liable or damages if persons are found guilty, is involved in a suit filed in the supreme court today. J. M. Scott, physician, and John Chas. banker, of Chagrin Falls, asked the supreme court to review the case which Orto S. Gane, a hardware dealer of Chagrin Falls, was awarded \$2,500 damages against them in the common pleas court of Cuyahoga county, and affirmed by the court of appeals. Church contributed \$500 to the anti-saloon league's fund for campaign against illicit liquor traffic in Chagrin Falls, in 1913, and Miss Scott signed an affidavit, alleging Gane sold liquor from his hardware store, on assurance of anti-saloon league attorneys that there was evidence to support this. Gane was arrested and tried, but was not convicted and he was awarded the damages against Church and Miss Scott when he filed suit later.

### Readers' View Point

#### The Weary Traveler.

Editor of The Advocate.—The midnight bus only brought one passenger through the rain, a traveling man, weary, tired and sad. He had toiled all day and trade was bad. The droopy clerk the signature scanned, then a letter placed in the drummer's hand. See how he starts, while a smile of delight hovers over his face at the welcome sight—sweetheart, wife, mother or child, if you know where I will be when Sunday comes, draw me at sight and I will wait.

#### Sunday Morning Services.

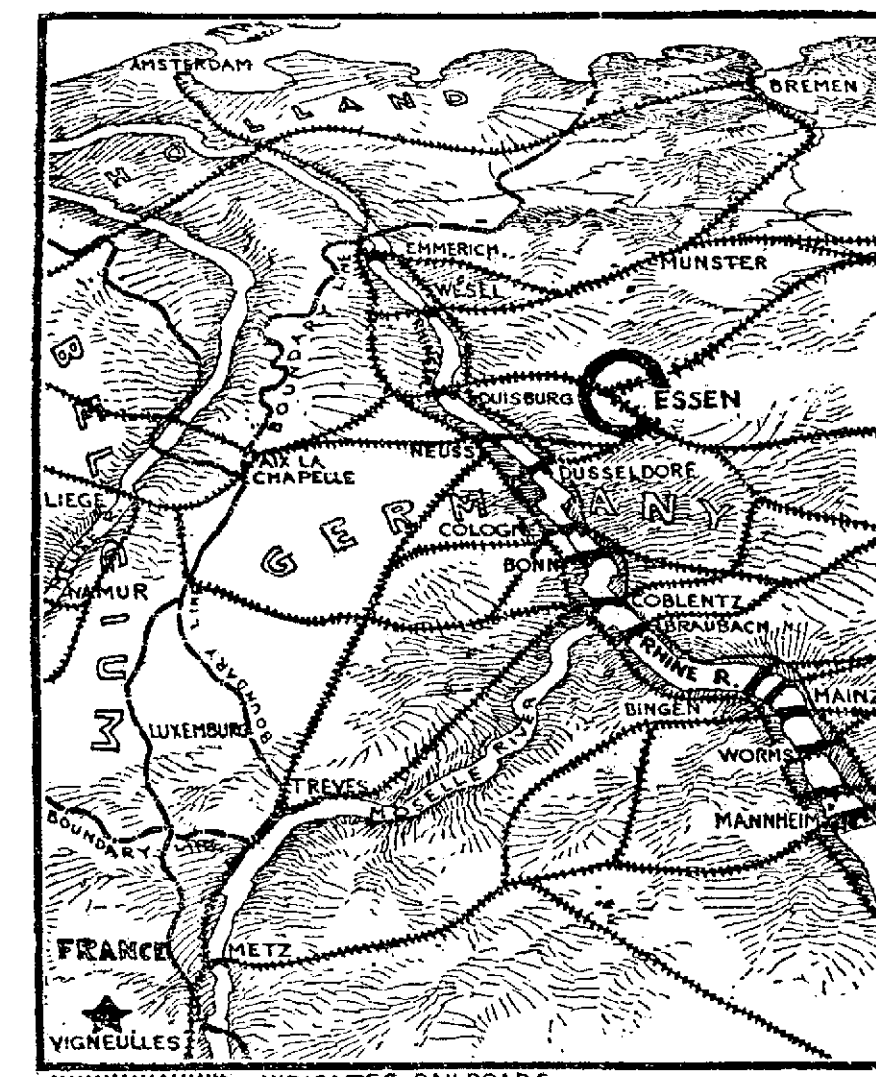

Editor of The Advocate.—It seems to me that Sunday morning meetings are held too long by some churches. From 9:15 to 12 is too long. Some places they have tried commencing Sunday school at 9:30 and closing the church services promptly at 11:30, and the result is a larger attendance and better interest.

A church service lasting one and a half hours after Sunday school is too long, especially for the children and those in their young teens. Think of a young child full of activity having to sit still so long, with practically nothing to do. The singing is done mostly by the choir and the soloist, who sings something new. I say "something," for the most of it is not understandable to the average person. Then, too, the sermon is prepared and delivered especially to suit the older person. So let us think more of not tiring the young so long. Long services and long sermons are not needed now, as of old, for we have them more frequently.

It is the spirit of the times in all business affairs to do things in less time than of old. So let the church become as wise in this generation as the children of the world.

Again there are some people who board at regular boarding houses whose meals are ready at noon on Sunday as on other days, and they like to be out of church by 11:30. Then, too, think of the women who

### Allies Beginning New War On Germany.

The allies have planned a move which, if carried out, will, in their opinion, bring Germany to time. They propose to destroy the fifteen bridges of the Rhine over which supplies go to the army of the west which is holding France. This map shows the fifteen crossings of the famous river over which the German troops in the field in France receive their ammunition and food. If they can be smashed so supply autos and wagons cannot cross readily the German army will be in a dangerous situation.

By sending a large number of aeroplanes with bombs against these bridges the task may be accomplished. That is their plan.

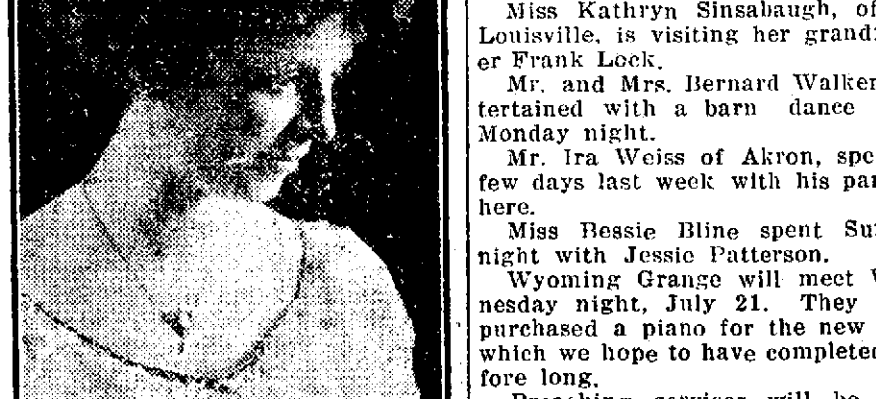

The map also shows Essen, the great supply depot of the Germans. Aeroplanes will attack this point, if they can reach it. Should they succeed they will destroy the base from which the army of the west gets a large part of its supplies.

have to walk home, change garments and get dinner; where is their day of rest?

The writer is for shorter Sunday morning services and out by 11:30 for the good of all.

FOR JOSEPH A. HOLMES, FATHER OF THE MINE SAFETY MOVEMENT

Held in Washington and Mine Operations Over United States Were Suspended.

(ASSOCIATED PRESS TELEGRAM) Washington, July 17.—Dr. J. A. Holmes, late director of the bureau of mines, was buried here today. All over the country the mining industry suspended operations and closing mills, joined in a final tribute to the father of the mine safety movement. Secretaries Daniels, Lane and Wilson, Surgeon General William C. Gorgas of the army R. S. Woodward, president of the Carnegie Institute, Samuel L. Rogers, director of the census, Charles M. Galloway, civil service commissioner and Peter M. Wilson, chief clerk of the senate, acted as honorary pallbearers.

The chiefs of the divisions of the bureau of mines, who worked under Dr. Holmes, were the active pallbearers.

### MINES CLOSED FOR FUNERAL OF JOSEPH A. HOLMES.

(ASSOCIATED PRESS TELEGRAM) Pittsburgh, Pa., July 17.—Many mines in Western Pennsylvania and West Virginia were closed during the funeral today in Washington, of Dr. Joseph A. Holmes, former director of the United States bureau of mines. Operations at some of the mines were only suspended for a few hours, while at other, all day. The Pittsburgh experiment station of the bureau of mines remained closed all day.

Third: He is supported by honest Democrats of every occupation and opposed by the ward heelers, political crooks and hoodlums and discredited politicians.
